## 1. Forewords

PREDICT'IF is a JAVA web application for life predictions. User can sign up, log in and book an appointment with a well recognized medium, fortune-teller, astrologer and more! The company's staff can then log into the website appearing as a fortune-teller (or medium...) and give predictions using various tools!

## 2. Version

Stable release - version 1.0 - May 25, 2020
